OUR PROFILE

Saviours Pvt. Ltd. is a customer oriented company, intending to fill the market need for a professional, customer focused fire safety providing company. The company emphasizes services and support to differentiate itself from more price-oriented fire safety companies.

The company's overall strategy will be based on a continuing improvement process of setting objectives, measuring results, and providing feedback to facilitate further growth and progress.

Located in Hulhumale', we realize that for us to prosper, we need to be flexible and responsive, to satisfy clients by providing them with what they want, when they want it, and before the competition can offer it. The company intends to achieve this through a solution approach that is customer -centric, and in which the customer's fire safety objectives enjoy top priority. Once the need & objectives are described & understood, leading edge products and best industry skills will be applied to design and develop a fitting solution to protect the client's property in the most cost effective way.

In a nutshell, we don't intend to just market and sell our products & services, but to provide customer services and products that will enable our clients in the attainment of their fire safety objectives.

OUR MISSION

Saviours Pvt. Ltd. is built on the assumption that the management of fire safety for business is like legal advice or accounting, in that it is not inherently a do-it-yourself prospect, and requires outside expertise to install and implement it. Contemporary businesses need providers of reliable fire safety equipment, services and support. They need to use these service providers as they use their other professional service suppliers, as trusted allies.

Saviours Pvt. Ltd. intends to be such a solution provider. We will serve our clients as trusted allies, providing them with the loyalty of a business partner and the economics of an outside vendor. We want to make sure that our clients have what they need to run their businesses as well as possible, with maximum fire safety. Many of our services will be mission critical, so we will give our clients the assurance that we will be there when they need us.

OUR VISION

Our vision is to become the leading fire safety providing company in Maldives, by providing quality products and services to ensure the safety of our clients.

OUR CORE VALUES

UPGRADE

The company is dedicated to leveraging emerging technologies to provide the highest level of quality products and services, customer service and safety.

RELIABILITY & TIMELY RESPONSE

The present problems our competitors are facing is over expansion. This has resulted in provision of unsatisfactory services, poor inventory management and delays in attending to the needs of clients. With a carefully laid business plan, Saviours Pvt. Ltd. will expand in a systematic manner, where our staff are always available to attend the needs of our clients. The products we market will always be available in our inventory, and the projects we undertake will always be completed in the allocated time frame, while continuously communicating with the client, ensuring we provide needs-base solutions.

ACCOUNTABILITY

Talking personal ownership and pride in our actions and always putting forth our best effort.

TRANSPARENCY

Openly communicating , actively listening, challenging ideas and processes, and setting reasonable expectations to achieve the best possible outcome.
